DETAILED ACTION

Allowable Subject Matter

1. Claim 1-6, 8-20 allowed, (renumbered as 1-19).
2. The following is an examiner's statement of reasons for allowance:

There is no prior art teach or suggest a drive-through operation system and method comprising:

a data-receiving module; a first data-entry module; and
a second data-entry module, wherein the first data-entry module and the second data-entry module are capable of communicating with the data-receiving module; wherein the data-entry modules are capable of transmitting data indicative of an order for requested items by a respective first or second customer to the data-receiving module, the data-receiving module capable of generating a signal that a respective first or second order is available for pickup and transmitting the signal to the first or second customer to approach a pick-up location and to signal the first or second customer to wait in a predefined location if the first or second order is not ready.

2nd embodiment:

a data-receiving module;
a first data-entry module capable of transmitting data indicative of an order for requested items by a customer to the data-receiving module;
a signaling device coupled to the data-receiving module to indicate to the customer when to approach a pickup location to pick up the requested items, wherein the signaling device comprises a movable gate.

3rd embodiment:

a pickup window;
a first data-entry module;
a second data-entry module; and
a path coupling the first and the second data-entry modules to the pickup window; the first data-entry module located along the path such that a vehicle disposed adjacent the first data-entry module does not impede the path of a second vehicle traveling from the second data-entry module to the pickup window.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
